

PMHC/PMHCA Internship—Adult/Child

Jeff Christensen, PhD
Rm 329 Rogers Hall
503-768-6071

Tentative syllabus for MHC 582/583—Fall 2015

Office hours: Email for appt. or
before and after class
jchristensen@lclark.edu

Course Description: This class provides clinical supervision and education for intern counselors working with adults and/or children in their supervised community experience. The class will emphasize developing and applying a repertoire of concepts and strategies for case conceptualization, treatment planning, intervention strategies and skills, and ethical conduct in working with clients presenting a wide variety of individual and relationship issues.

Catalogue Description: Internship in a community setting. Participants engage in counseling and related professional activities under supervision. Students write reports, prepare case histories, and submit work samples for supervisory review.

Goals:

- To develop the skills, attitudes and knowledge to be qualified for employment as an entry-level professional counselor.
- To develop entry-level skills in establishing a constructive working relationship with clients, assessing client needs, goals and relevant cultural and personal contexts, forming accurate diagnoses, developing sound treatment plans, and evaluating client progress.
- To develop familiarity with and use of person-centered, culturally appropriate relationship skills and a collaborative approach to working for change, commonly referred to as assessment and treatment intervention.
- To learn to identify and use evidence-based practices to inform judgments in assessment, intervention, and evaluation of outcomes.
- To establish a successful working relationship with supervisors and peers in an internship setting and internship supervision group on campus.
- To document work in formats accepted in professional settings.
- To understand the work environments, expectations and requirements for effective work in client service settings, and to demonstrate competence in meeting those standards.
- To identify and respond to ethical issues, problems and dilemmas using knowledge and procedures that meet current professional standards.

Student learning outcomes:

Refer to Syllabus Cover Sheet

Course Readings: *Readings as assigned based on issues as they arise in the semester.*

Note: If you have a disability that may impact your academic performance, you may request accommodations by submitting documentation to the Student Support Services Office in the Albany Quadrangle (x7156). After you have submitted documentation and filled out paperwork there for current semester requesting accommodations, staff in that office will notify me of the accommodation for which you are eligible.

Methods of Evaluation:

- Coming to class prepared to share current experiences in your internship and client issues that you want to sound out with peers.
- Participation in discussion and feedback to client/site supervision issues of peers.
- One comprehensive written case conceptualization and presentation over the semester (video preferred but optional).
- Documentation of work/hours completed.
- Site Supervisor's evaluation of performance.

Requirements for credit:

- **Program/Internship Expectations:** Students are expected to meet all requirements for the program and internship as outlined in the Counseling Psychology Student Handbook, Internship Handbook, and Internship Contract. This includes completion of a minimum of 240 hours of supervised direct counseling client contact with individual, couples, families and groups combined over 2 semesters at assigned internship sites and 600 total hours.
- Present one comprehensive case summary/conceptualization (see below for details)
- Submit weekly documentation of supervision session [CARE note] to faculty supervisor during class.
- Satisfactory evaluations from on-site supervisor and on-campus instructor/supervisor. This includes satisfactory responses to ethical dilemmas and challenges. Failure to follow ethical guidelines and/or nondisclosure of ethical errors and seeking of appropriate supervision may result in dismissal from the internship and/or Professional Mental Health Counseling Program.
- Attendance and active participation in on-campus intern supervision class for two full semesters.
- Demonstration of ability to accept and respond responsibly to both site and campus supervision.
- Demonstration of ability to work collaboratively with colleagues at the internship site and on campus.
- Journal prompts will be given in response to issues discussed in class. These prompts are meant to promote a greater understanding of the therapeutic process and increase self-awareness. These entries will not be required to be turned in, though if feedback is wanted you may share at your discretion.

NOTE: This is a credit/no credit for two semesters. Your credit for both semesters will be deferred until you have completed all requirements for the internship after the second semester. This includes completion and documentation of all hourly requirements for client contact and supervision, satisfactory evaluation by your supervisor for both semesters, your evaluation of the internship site, and class requirements listed above.

Attendance: Attendance and active participation is critical to learning in an internship experience. One absence from class per semester for extenuating reasons is allowed, but makeup activities will be expected and arranged with the instructor. More than once absence may lead to a failure to complete requirements for credit.

BE ON TIME FOR CLASS! Your comments and contributions are invaluable to the supervision process, your colleagues will need it! If you arrive to class more than 30 minutes late or leave more than 30 minutes early, you will be considered to be absent from class for that day.

A Note on Confidentiality: Much of our class discussion and most of the written work you do for this class will contain information about clients. All such private information falls within our shared responsibility for maintaining its confidentiality and protecting the privacy of our clients.

Guidelines for fulfilling our responsibilities in this regard include the following:

- Written materials referring to clients should refer to them by a pseudonym. If materials are copied that contain client names, the name should be blacked out with a black felt tri-pen.
- Optional videotapes of client counseling sessions should be kept on an IronKey encrypted flash drive and should be erased when they have been viewed.
- Classroom doors will be closed when we are discussing cases or viewing videos of actual clients.
- Written materials you turn in for review need to follow confidentiality guidelines.
- What we discuss in class **STAYS IN THE CLASSROOM!**

Class Structure:

First part of class: Group supervision – Each intern will share how they are doing, challenges they are having personally or professionally, or issues related to their internships/clients. Each intern will identify one client, or topic they need to discuss. This can be a client, a site issue, a personal issue related to counseling, etc. If you do not discuss an issue, we will question and question you about everything that is going on!

Issues involving suicide, child abuse reporting, or major ethical considerations should always be discussed!

Second part of class: Formal presentations on scheduled date.

Guidelines for Comprehensive Case Summary/Conceptualization

- Brief overview of theoretical orientation demonstrated in a non-written/non-narrative way. This might be a chart, drawing, painting or extended metaphor. Our feedback will be designed to help you find a better fit between your theory and your work with clients (15 minutes)
- Handout of presentation must include all categories listed below and uploaded to Moodle the night before class.
- Review/present written case emphasizing theoretical conceptualization (5 minutes)
- Specifically state feedback you are seeking (1 minute)
- Class views 10-15 minute section of videotaped counseling session if available (15-20 minutes presentation on client if not.)

- Class discussion and feedback 20-40 minutes

Case Conceptualizations must include ALL of the following sections/areas.

- I. Overview of theoretical perspective, presented as a visual model (chart, painting, drawing).
- II. Chief Complaint/Presenting problem
- III. Demographic Data
- IV. History of the present illness
- V. Family issues/influences
- VI. Psychiatric/Medical concerns, medical/medication history of client and family
- VII. Substance Use, Abuse, Dependence History of client and family
- VIII. Cognitive/Affective/Behavioral/Physical Status (mini Mental Status Exam)
- IX. Client Strengths/weaknesses
- X. Diagnostic summary
- XI. Treatment plan consistent with theoretical orientation (include treatment goals and remember realistic, timely and measurable!)
- XII. Transference/Counter transference issues
- XIII. Ethical issues involved

Class Schedule:

Sept 9: Introductions, syllabus review, schedule individual meeting, overview of class format

Sept 16,23,30 and Oct 7: Case discussion all students: Come prepared to discuss one of your clients, use form provided to guide oral presentation of case data, working hypothesis/case conceptualization, feedback needed from group.

Oct 14: Case Presentation _____

Oct 21: Case Presentation _____

Case Presentation _____

Oct 28: Case Presentation _____

Case Presentation _____

Nov 4 : Case Presentation _____

Case Presentation _____

Nov 11: Case Presentation _____

Case Presentation _____

Nov 18: Case Presentation _____

Case Presentation _____

Nov 25: THANKSGIVING BREAK!!!

Dec 2: Case Presentation _____

Case Presentation _____

Dec 9: Case Presentation _____

Dec 16: Wrap up, End of semester reflections

Supervision CARE Note (continue on back for each section if necessary)

Student name: _____ Date of Supervision: _____

Clients (List all current clients/groups, presenting problem/dx, # of visits, & possible risk factors)

Analysis/reflection (Synopsis of cases/issues discussed this session, what I learned, was it helpful):

Recommendations from supervisor:

Ethical Issues (List any relevant or possible ethical issues regarding clients, supervision, or the site):
