

GSEC School-Based Programs: Exam Biennium Passrates, by Program

*Average score & passrate calculated w/ highest score per student per exam.

*Candidates reported in the biennium of their high score in cases where they attempted the exam in multiple biennia.

*Data as of 2/8/24

Program	Simplified Exam Title	Exam Biennium	n	#Not Passing	High-Score Average	High-Score Passrate	Biennium State Mean
Elementary	NES - Elementary Subtest I	2021-2023	21	1	257.0	95.24%	239.00
	NES - Elementary Subtest II	2021-2023	24	2	250.0	91.67%	240.00

Data Findings, Elementary: Data from two cycles were aggregated together due to low n's in the 2022-2023 exam year (on subtest I n = 4; on subtest II n = 7). The disparity in the number of candidates reported for subtest I vs. subtest II is due to candidates achieving their high score in different exam biennia, and to not all candidates attempting both exams. Candidates' mean scores were well above the biennium state mean.

GSEC School-Based Programs: Exam Biennium Passrates, by Program

*Average score & passrate calculated w/ highest score per student per exam.

*Candidates reported in the AY of their high score in cases where they attempted the exam in multiple AY's.

*Data as of 2/8/24

Program	Simplified Exam Title	Exam AY	n	#Not Passing	High-Score Average	High-Score Passrate	Oregon Cut Score
Secondary	NES - Secondary Subject Areas (combined)	2021-2022	21	0	261.8	100.00%	220
	NES - Secondary Subject Areas (combined)	2022-2023	11	0	255.5	100.00%	220

Data Findings, Secondary Subject Areas (combined): Data from all Secondary subject area exams attempted (Art, Biology, General Science, Language Arts, Mathematics, and Social Science) has been aggregated together to provide an overall program-level metric. While state means are only available at the subject-area level, the Oregon cut score of 220 still provides a benchmark. Candidates' mean scores were well above the Oregon cut score. All candidates passed the exam on the first attempt.

GSEC School-Based Programs: Exam Quinquennium Passrates, by Program

*Average score & passrate calculated w/ highest score per student per exam.

*State mean scores for NES exams from Pearson ResultsAnalyzer.

*Data as of 2/8/24

Program	SimplifiedTitle	Exam Quinquennium	n	#Not Passing	High-Score Average	High-Score Passrate	Quinquennium State Mean
Secondary	NES - Art	2018-2023	10	0	271.4	100.00%	261.6

Data Findings, Art: Data from five cycles has been aggregated together due to low n in all years (In the 2018-2019 exam year n = 3; 2019-2020 n = 2; 2020-2021 n = 1; 2021-2022 n = 3; 2022-2023 n = 1). Candidates' mean scores were well above the Oregon cut score. All candidates passed the exam on the first attempt.

GSEC School-Based Programs: Exam Biennium Passrates, by Program

*Average score & passrate calculated w/ highest score per student per exam.

*Candidates reported in the biennium of their high score in cases where they attempted the exam in multiple biennia.

*Data as of 2/8/24

Program	Simplified Exam Title	Exam Biennium	n	#Not Passing	High-Score Average	High-Score Passrate	Biennium State Mean
Secondary	NES - English Language Arts	2021-2023	10	0	257.2	100.00%	253.70

Data Findings, Language Arts: Data from two cycles has been aggregated together due to low n in both years (In the 2021-2022 exam year n = 9; 2022-2023 n = 1). Candidates' mean scores were slightly above the biennium state mean. All candidates passed the exam on the first attempt.

GSEC School-Based Programs: Exam Septennium Passrates, by Program

*Average score & passrate calculated w/ highest score per student per exam.

*Candidates reported in the septennium of their high score in cases where they attempted the exam in multiple septennia.

*Data as of 2/8/24

Program	Simplified Exam Title	Exam Septennium	n	#Not Passing	High-Score Average	High-Score Passrate	Septennium State Mean
Secondary	NES - Mathematics	2016-2023	10	0	274.8	100.00%	238.9

Data Findings, Mathematics: Data from five cycles, over seven years, have been aggregated together due to low n's in all years and no attempts in some years (In the 2016-2017 exam year n = 1; 2017-2018 n = 1; 2018-2019 n = 3; 2019-2020 n = 0; 2020-2021 n = 0; 2021-2022 n = 4; 2022-2023 n = 1). Candidates' mean scores were well above the Oregon cut score. All candidates ultimately passed the exam.

GSEC School-Based Programs: Exam Quadrennium Passrates, by Program

*Average score & passrate calculated w/ highest score per student per exam.

*Candidates reported in the quadrennium of their high score in cases where they attempted the exam in multiple quadrennia.

*Data as of 2/8/24

Program	SimplifiedTitle	Exam Quadrennium	n	#Not Passing	High-Score Average	High-Score Passrate	Oregon Cut Score
Secondary	NES - Sciences (combined)	2019-2023	13	0	252.1	100.00%	220

Data Findings, Sciences (combined): Data from all science exams attempted (Biology, Chemistry, & General Science) from four cycles has been aggregated due to low n in all years (In the 2019-2020 exam year n = 4; 2020-2021 n = 3; 2021-2022 n = 4; 2022-2023 n = 2). While state means are only available at the subject-area level, the Oregon cut score of 220 still provides a benchmark. Candidates' mean scores were well above the Oregon cut score. All candidates passed the exam on the first attempt.

GSEC School-Based Programs: Exam Triennium Passrates, by Program

*Average score & passrate calculated w/ highest score per student per exam.

*Candidates reported in the triennium of their high score in cases where they attempted the exam in multiple triennia.

*Data as of 2/8/24

Program	Simplified Exam Title	Exam Triennium	n	#Not Passing	High-Score Average	High-Score Passrate	Triennium State Mean
Secondary	NES - Social Science	2020-2023	12	0	255.9	100.00%	239.2

Data Findings, Social Studies: Data from three cycles has been aggregated together due to low n in all years (In the 2020-2021 exam year n = 5; 2021-2022 n = 4; 2022-2023 n = 2). Candidates' mean scores were well above the triennium state mean. All candidates passed the exam on the first attempt.
