Elementary Licensure Rate
Matriculation AY's 2019-20 through 2022-23

Data Notes
Our Elementary Education program offers a 13-month full-time cohort, and starting in 2021-22 a 25-month part-time cohort. Our most recent part-time cohort graduates matriculated in 2022-2023 and were recommended in summer 2024. Candidates are allowed up to 5 years to complete.

In Oregon, program completion is statutorily defined as recommendation for licensure. EPP-recommended candidates have met all requirements for licensure, but not all program completers are ultimately licensed. (e.g. candidates who get jobs out-of-state may not file their Oregon licensure paperwork).

Trends
After expected time to degree, licensure rate in our Elementary program has been consistently high over time.
